The training courses, membership tools, unique programs, guiding documents and many trusted resources provided by NAYS ensure quality youth sports experiences that are memorable for all the right reasons.

III. NAYS Coach Training features and benefits

NAYS Coach Training & Membership Program, formerly the National Youth Sports Coaches Association (NYSCA), is the most widely used coach training program in the nation, having trained more than 3 million coaches since its inception in 1981. The training is available online for coaches

to complete at their convenience; and it's also offered on-site in more than 3,000 communities nationwide, called NAYS Member Organizations.

The top quality, video-based NAYS Coach training features two components: Coaching Youth Sports and a sport-specific training. The Coaching Youth Sports portion covers topics coaches of all sports need to know, such as working with parents; motivating kids; building confidence; instilling good sportsmanship; safety; and nutrition and hydration; among many other areas.

In the sport-specific training coaches learn how to teach the basic skills and fundamentals of the particular sport they are coaching, as well as effective drills to use during their practices. After completing the NAYS Coach training, coaches qualify for an annual membership, which includes a \$1,000,000 excess liability insurance policy; access to member-only coaching resources and supplemental coach trainings; a member e-newsletter; a member ID card; and corporate discounts on everyday services like car rentals, hotels and more.

NAYS Member Organizations can request and manage background checks through their NAYS account, significantly reducing administrative time.

Here are some benefits each NAYS Member Organization will receive by signing up for background checks with NAYS and Sterling Volunteers:

- **Save time.** Register coaches for their NAYS training and background check at the same time using just their name and email address.
- **Payment options.** Your organization can decide to cover the entire cost of the training and screening and pay online by credit card, check/invoice, or purchase order. Or you can ask coaches to pay.
- **Less paperwork.** Coaches complete their registration and authorize their own background checks online in just a few minutes.
- **Quick turnaround.** Most searches will be returned in 24 to 72 hours.
- **Set your own background check disqualifiers.** Once you receive the results, you decide if a coach is eligible or ineligible. *Refer to TAAF disqualifiers when making your coach eligibility decisions <http://www.taaf.com/background-check>.*
- **Set restrictions.** Choose which representatives from your organization have access to background check statuses and results.
- **Give coaches control.** Coaches are notified when their results are available and can view and own a copy of their background check to share with other volunteer organizations.
- **Secure and Compliant.** Sterling Volunteers background checks are housed in a completely secure environment and are fully FCRA compliant.
- **The Highest Quality and Accuracy.** Using a combination of proprietary technology and a set of unique criminal locators, Sterling Volunteers finds more criminal records at America's county and state courthouses and delivers the most accurate information available about your volunteers. The Sterling Volunteers screening process goes far beyond the stale, instant database background checks and incomplete searches used by other providers.
